PROFILE

Detail-oriented Information Technology Specialist with a Bachelor's degree in Software Engineering and over 6 years of combined academic and professional programming experience. Proven expertise in troubleshooting, database management, and delivering data-driven solutions to enhance system efficiency. Demonstrated success in resolving complex software issues, optimizing workflows, and driving project outcomes through collaboration and technical insight.

WORK EXPERIENCE

Project Manager | Site Operator

Exton Quarry & Real Estate Development

2022-2023

- Managed and optimized the Memtrack database, improving data integrity and system efficiency through effective troubleshooting and regular maintenance.
- Performed PC and server repairs, ensuring minimal downtime and maintaining system reliability for endusers.
- Conducted preliminary data inventory audits to ensure accurate tracking and organization of company devices, identifying gaps and implementing corrective measures to improve data integrity.

Information Technology Specialist Intern

2020-2022

Jamaica's 4H Clubs

- Managed construction sites and quarry operations, overseeing finances and employee tasks.
- Installed and maintained CCTV systems, providing technical support and troubleshooting as needed.
- Adhered to safety standards and consistently met client expectations.
